

SUPPORT FOR HURRICANE MARIA SURVIVORS

*Leila Day is partnering with Junta for
Progressive Action*

Community service teaches children the
preconditions for problem solving:
compassion, kindness, empathy & courage!

*Junta for Progressive Action's mission is to provide service and advocacy to the
Latino community in Greater New Haven.* Currently they are collecting gently
used winter clothing, toiletries & diapers for survivors of Hurricane Maria.

We are supporting this effort by collecting:

-Gently used coats, mittens & scarves

-Toiletries such as:

- Toothpaste
- Toothbrushes
- Soap
- Shampoo
- Deodorant

Donations will be collected throughout the month of January.
Collection bins will be in the Education Wing near the library, in the Cottage, and on the second floor.
Support families in need and model community engagement and service for all of our children.
